

Infusion Software Maintenance Plan (SMP)

The Infusion Software Maintenance Plan (SMP) provides you with all software updates and program upgrades.

Please note that this plan only covers the supply of software updates and program upgrades. Software updates are released as required periodically during the year. On their release you will be emailed with the details of the features or items attended to. A program upgrade is released once a year and will contain a number of new features and software enhancements; you will be notified by email of the software update which will be shipped to you on CD.
