

Infusion Business Software Update

For Version: 3.04

20/08/2008

Cashbook

- Error from importing of ANZ CSV file rectified (blank line on CSV file now ignored)

Customer Assets

- Issue with incorrect Customer being shown in the Servicing section of Customer Assets has been corrected.

Invoices

- Error caused by swapping Customer Invoices in the Invoice Lookup (not Pending) screen has been fixed.

Job Management

- Error caused by previewing Job Management Bulk Invoices, closing out of preview then coming back into to preview again has been fixed.

Products

- Issue with conversion of Aurora One Pending Invoices taking Products out of stock twice has been fixed (in the converter).
- Error caused when doing a Product Enquiry has been fixed - see notes.

Quotes

- Error caused by Printing Pending Quote and Customer Invoice using Default Layout then changing and using another layout has been fixed.

System

- The Financial Audit Check report is now available in the Admin / Other section
